

16<sup>th</sup> December 2022, Edition 6

Email: [DWMP@uuplc.co.uk](mailto:DWMP@uuplc.co.uk)

**Welcome** to our sixth DWMP E-Newsletter.

In this edition we will be discussing our Statement of Response, published on the 16<sup>th</sup> December 2022, our SPG workshops that are running in January and feedback on our Level 1 and 2 geospatial platform.

\*

We would like to thank everyone who completed consultation responses.

\*

If you have any questions, please do get in touch via [DWMP@uuplc.co.uk](mailto:DWMP@uuplc.co.uk)

## Statement of Response

Following consultation feedback on our draft DWMP, our statement of response can now be found on our website [here](#).

The document summarises feedback across customers, stakeholders and regulators. The feedback has been categorised into key themes. These include:

- Options development, programme optimisation and the preferred plan;
- Stakeholder engagement and partnership solutions;
- Customer acceptability;
- Storm overflows;
- Wider strategic ambition of the DWMP; and
- DWMP document structure and content.

The feedback throughout the consultation process will support the development of the final DWMP and the approach for future cycles.

## DWMP Geospatial Platform (GSP)

In order to share our plan in an interactive format, we have produced an online GSP to publish the DWMP.

The DWMP GSP has been developed in three levels and this tailored approach to data sharing will facilitate effective and successful partnership working, whilst allowing us to protect customers where more sensitive information must be shared.

We are interested in gaining feedback from Stakeholders on their experiences of using the Level 1 and Level 2 GSP. Please fill out the survey on the GSP attached [here](#).

## SPG Workshops

We are planning on holding SPG workshops via Microsoft Teams in late January 2023. The purpose of the workshops is to ensure our stakeholders are continually engaged in the development of our DWMP.

Key themes covered in the workshop:

- Statement of Response;
- The Final DWMP;
- The DWMP Partnership Opportunity Pipeline; and
- Customer Engagement.

We will be emailing out invites in the coming weeks so please keep your eyes out for those.

Thank you for your continued support on our DWMP in 2022. We look forward to working with you in 2023.
